FOUNDATION SUBJECTS

ART

This term we are doing a project on Portraits and Cubism
For your first lesson you should create 3 x6mins timed drawings.
Take 3 pieces of paper and ON ALL of your pieces of paper write your FULL NAME and your group.

You need to find someone to draw, your mum/brother/carer, etc (if you can use the images provided).

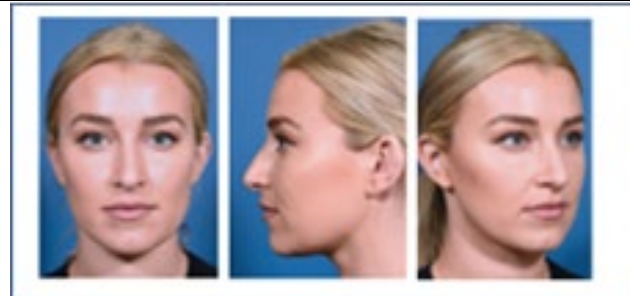

Looking carefully and draw the person opposite you using line only and not taking your pen or pencil off the page unless you have to. This is called Contour drawing and is a drawing exercise to help you to focus on looking properly.

They should look a bit like these ones: One from the front, one from the side (profile) and one from $\frac{3}{4}$ side.

Consider the following:

- Draw each of them as big as you can within the A4 page
- Add your name, surname and class code to your artistic sketch drawings
- Keep the drawings safe and bring them to school on your return

You can use these photos to look at if you haven't got a person to do the portrait from.

If you finish earlier than 1 hr and 15 minutes, take photos of yourself on your phone and do it again!

Note: If you are UNSURE at any point, please contact Mrs Palomino with any questions and further guidance.
