ART	<p>Look at the painting that your teacher has given to you and copy it on paper.</p> <p>Start by gently sketching the MAIN features of the image – eg. The horizon line, the land, the trees. Make sure to do this in a colour that matches.</p> <p>Begin to add your colours using LINES only. You should not blend your colours, but instead layer lines on top of each other.</p> <p>Look carefully at the colours in the image – there is no black anywhere, what can you see instead?</p> <p>Check if there are any white sections left on your paper. These should be filled in with more lines.</p>	<p>Image reference:</p>
