ART

This term we will be covering the basic skills you need to create great Art. We call them the 'formal elements'.

- a. Find out what foreground, midground and background means in a landscape.
- b. Task:
Look through your window and copy what you can see in an A4 paper. try to include: foreground, midground and background
You can use colours or just one colour (pen or pencil).
Try to use mark making.

Look at this example by David Hockney:

- Add your name, surname and class code to your artistic practice.
- Keep the drawing safe and bring it to school on your return.

If you have already done this, find a landscape in internet and copy it. Any media, colour, pencil, etc.
